Rockwell Parts

Rockwell Part - The company of AxleTech International is a big supplier of specialty vehicle drive-train systems and parts along with off highway vehicles. They take great pride in being a chosen supplier to their customer base. AxleTech strives to exceed and meet their customers' expectations for delivery, quality, service and technology. They believe in working in an environment that encourages the highest integrity with empowered collaboration, along with a unrelenting pursuit of results.

AxleTech International is a General Dynamics company. They believe strongly in actively utilizing principals of environmental safety and stewardship in how they do business. The company has put different programs in place so as to articulate these values in their business policy. AxleTech happily shares this policy and welcomes interested parties to offer them with whichever questions or comments, because they are glad to promote and share this policy with a greater understanding of their efforts. They are extremely devoted to preserving and improving the surroundings. AxleTech has an EHS program which not just protects the natural world but which also actively protects their employees and neighbors as well.

AxleTech specializes in the designing and manufacture of planetary axles used for both military and commercial applications, which can consist of anything from construction equipment to airport ground support. They take great pride in being a ground-breaking drive-train solutions provider as well. AxleTech particularly designs axles to meet particular application demands. They have over 1000 various axle specs within their present offering. With more than 100+ years of experience and history, AxleTech proudly supplies the most complete solution for whatever of your axle needs. The company is well known in many commercial and military applications. They provide complete axle assemblies for aftermarket replacement requirements, along with servicing axle needs for OE production. Their high mobility ISAS have added details which can be found in the "ISAS" product selection.
